Many Entries to Vie in Kenosha Black-White Show

Event Is to Be Held This Saturday Near Woodworth

Fred Gillmore, chairman of the general committee that is in charge of the Black and White Production show to be held next Saturday, June 29th, announces that final arrangements for the event have been completed.

The show will be held in Henry Hansen's woods, located one-half mile north of Woodworth. Entrance to the grounds will be by way of County trunk highway E, just north of the Woodworth State Graded school.

A. O. Collentine, professor of Animal Husbandry at the University of Wisconsin, College of Agriculture, will classify the cattle and select the grand champion female and grand champion male.

Ribbons will be awarded to the exhibitors of animals in the various classifications by the Wisconsin State Holstein Friesian association of Wisconsin.

The county association will feature an exhibit of cows that have produced a ton or more of butterfat.

A special feature on the program will be the milking contest. The contestants are: E. V. Ryall, County Agricultural agent, Marlin Schnurr, principal of the Wilmot High school, Marnie Frey, Assistant County Agricultural agent, and a business man from Kenosha to be selected by Harold Woodlief, Secretary of the Kenosha Chamber of Commerce.

Implement dealers are co-operating with the County Holstein Association, and will have an exhibit of machinery on the grounds.

There will be one hundred dollars in attendance prizes including a bull calf from the herd of Clausen Bros. Refreshments will be served on the grounds.

BEGIN EQUIPPING NEW ANTIOCH FIRST AID - RESCUE TRUCK

Completing the equipment of the new Antioch rescue truck, which made its first public appearance in the parade Monday afternoon at the Lake County Firemen's convention, is now the goal of the rescue squad.

The truck is already equipped with first aid and rescue necessities to the value of about \$500. The rescue squad has set a goal of \$1500 additional for equipment including floodlights, additional pulmotors and other aids which would prove useful and frequently necessary in emergencies.

Present equipment includes first aid kits, stretchers, hooks for dragging ladders, splints, pulmotors, flashlights and axes. A regular army stretcher and a gas mask have been ordered, and a doctor's kit is to be assembled and carried in the truck at all times.

Contributions may be made to rescue squad officers. Mayor George B. Bartlett is president of the rescue squad board. L. D. Powles is squad captain and Herman Holbek and Herman Rosing are lieutenants.

High School Junior Gets State F. F. A. Degree

Richard Hartnell, a student of vocational agriculture at Antioch high school, has been notified that he received his 3rd or State Farmer degree from the Illinois Association of Future Farmers of America, when it held its annual convention at the University of Illinois on June 14.

His scholarship and home project work accomplishments brought him this honor.

Hartnell has raised a small herd of Brown Swiss cattle, having five head at present. In addition he also is producing 20 acres of Fort oats, a recent introduction among the newer varieties.

His average scholastic grade for the past three years was 92.

He received a beautiful gold Future Farmer key as an award.

Auxiliary Aids Legion's Plans for July Carnival

Members of the Legion auxiliary will assist Antioch Legionnaires in staging their carnival Friday, Saturday and Sunday, July 18, 19 and 20.

The women will have charge of some of the booths, including those at which refreshments will be served.

On the men's committees for the carnival are Commander Clarence J. White, Walter Hills, William S. Phillips, John Horan and Ernest Glenn.

Call for Bids on Building to House Fire, Rescue Trucks

Designed to house Antioch fire department and rescue squad equipment is the proposed building for which bids are being called by the village board of trustees.

Specifications call for a one-story cement block building, approximately 16 by 54 feet, to be erected on village property at Orchard and Main streets.

The building is to be constructed west of and adjoining the pump house, just north of the water tower.

A two-way entrance, with one part facing Orchard street and the other opening on a driveway on the village property is being planned.

Church at Salem is Re-Dedicated

Altar and Cross Honor Dr. William Fletcher and His Son

Dedication services were held at the Salem Methodist church Sunday morning. The church has been completely redecorated inside, new steps, painted outside. The inside is redecorated with a new chancel. The altar and cross are given in memory of Dr. William Fletcher and his son, Donald. Dr. Fletcher gave thirty years of his life to the healing service of his community. The candle holders are in memory of Miss Myrtle Anderson who loved the church and also worshipped in it while here each summer. The following impressive service was given:

Ernest Kistler, Minister
Miss Doris Riggs, Accompanist
Piano Selection, "The Palm"—Mrs. Grace McVicar.

Hymn, "The Church's One Foundation", people standing.

Solo, "Open the Gates of the Temple"—Mrs. Doris Grady.

Responsive Reading.

Prayer—The Rev. Kistler.

Duet, "Lead Me O Lord"—Mrs. Doris Riggs, Cornelius Cook.

Presentation of Tithes and Offering.

Anthem, "The Lord Is My Strength"—Choir.

Address—W. W. Hammond, Attorney, Kenosha, Wis.

Lighting of Candles, "In Memory of Miss Myrtle Anderson".

Floral Offering—"In Memory of Dr. William Fletcher and son, Donald,"—Miss Olive Hope.

Dedicatory Response—People standing.

Antioch Lions Install Officers

Newly elected officers of the Antioch Lions club were installed Monday night at the dinner meeting held at Prenger's resort at Grass Lake.

O. E. Hachmeister took over the presidency of the club, receiving the gavel from Dr. D. N. Deering, and Robert King assumed the duties of secretary-treasurer, taking over the club records from George Wagner.

Others installed included: George Joedickie, first vice president; H. B. Gaston, second vice; Jim McMillen, third vice; Herman Holbek, tallmaster; William E. Brook, liontamer; and Irving Carey and Walter French members of the board of directors. Holdover members of the board are Edmund Vos and Frank Powles.

President Deering, Secretary Wagner and other retiring officials were commended for the efficient handling of the club's affair during the past year.

Funeral Held for Mrs. J. O. Hucker

Mrs. J. O. Hucker passed away at her home south of Lake Villa last Wednesday night after a long illness. Mrs. Hucker has lived here ever since her marriage and has many friends who mourn her passing, as she had been active in social and public affairs and had a wide acquaintance. She was a member of the Royal Neighbors and had been recorder for many years. Besides her husband, she leaves one daughter, Mrs. Alice Mitchell of Chicago, one son, J. O. Hucker, Jr., who is Lake Villa postmaster, one grandson, Allan Mitchell, her aged mother, Mrs. Bretschneider, also sisters and brothers, of Chicago. The funeral was held at St. Gilbert's church at Grayslake on Saturday morning and was attended by a large number of friends who came to pay their last respects to an old and valued friend. Burial was at Fox Lake cemetery.

Mrs. Charles Jorgensen was a Chicago shopper Monday.

Local Banker Heads Lake County Group

H. A. Smith Elected President of Co. Bankers' Association

H. A. Smith, cashier of the First National Bank of Antioch, was elected president of the Lake County Bankers' Federation, at its annual meeting held yesterday at the Chain O' Lakes Country club. F. W. Read, vice president of the First National Bank of Lake Forest, was named secretary to succeed Kenneth Hart, of the Lake Villa Trust and Savings Bank. Smith succeeds R. J. Dwyer, of Mundelein First National.

The Federation consists of 12 member banks of the county, and the individual membership, numbering about 60, embraces the personnel of officials of the several banks.

President Smith has been cashier of the Antioch bank for the last five years.

Preceding the dinner and business session at the club house, the bankers indulged in a golf tournament, but the bankers, proverbially close-mouthed, didn't tell who won.

Big Chief Sanooko Will Meet Samara

Lake county sport fans who like their wrestling rough and ready may get a preview of Fourth of July fireworks when Big Chief Oslo Sanooko, 6 foot 5 inch, 338-pound savage Red-skin warrior from the Haskell Indian Institute, dons the warpaint and goes on the war-path against mighty Seeli Samara, 240-pound lithe colored heavyweight sensation, in the main event of the fourth all-star wrestling card of the 1940 summer season in Peg's open-air arena Friday night, June 28.

The Chief and Samara had one of the hottest bouts of the season two weeks ago in the lake arena when they wrestled to a 30-minute draw in a semi-windup match. The Chief tried every trick in the game, legal or illegal, but at the end of the time limit Samara was still going strong and the referee was forced to call it an even thing. Both men have been gunning for a match with Jim McMillen, and a victory for either would give the winner an inside track.

In the semi-windup rough Rudy Kay, Chicago's gas-house kid, and just about the roughest number to appear at the lake arena this year, returns after a spectacular victory over tough Jack Moore, to take on one of the most scientific European wrestlers in the sport, Bert Rubi of Hungary. Rubi is a former Hungarian Olympic wrestling champion and the closest thing to Ruffy Silverstein in wrestling today.

The preliminary matches bring together 255-pound bearded Pete Shuh and Dr. George MacKenzie, southern bone doctor and wrestling wizard, in one, and "Bully Boy" Kogut, burly Canadian heavyweight star, against Jerry Meeker, Honolulu beach-comber, in another.

"House of David" Men to Lecture Here Tonight

Two "Israelite brothers" of "Sister Mary's New House of David" in Benton Harbor, Mich., arrived in Antioch Wednesday and will conduct an open lecture meeting this evening at 7:30 o'clock in the village park.

The two "brothers" are also real brothers, Henry and Harry Wellbrook. "We do not use our last names among our people," they explain, "but we are known merely as 'Brother Henry' and 'Brother Harry'."

Last year they made an eastern tour, lecturing on the Scriptures. This year they are commencing a journey through the northern and western states, going on to Wisconsin from Antioch.

Their subject tonight will be "Life Without Death—which is obtainable."

The new House of David was organized in 1930 by Sister Mary Purcell (original founder of the order in 1903) when the order split into factions over the manner in which it was being governed.

MORTENSENS ACQUIRE THE PANTRY; GERBER THE MIDGET EAT SHOP

Through a deal consummated Saturday, Mr. and Mrs. Chris Mortensen became the owners of the building occupied by the Pantry, and also took charge of the business formerly conducted there by William Gerber. The building was acquired from the owner, Irving Elms, through a trade for residential property.

Mrs. Mortensen was formerly proprietor of the Midget Eat Shop, and in the three-way transfer, Gerber took over the management and stock at the Midget, Mortensens moving to the Pantry Monday morning.

TIME TO GET GOING!

The Observer

One of the strangest things about the present European war—and the peace negotiations with France—is the appalling glimpse it gives of the extent to which hatred can go. Hatred of one country for another, of one people for another. In a moment of sober reflection, it would seem as though all Europe is composed of a collection of hatreds, re-arranged from time to time by loosely held truces or various greeds. No wonder the early leaders of these United States, including the revered Washington, warned against involvements in European intrigues—a warning this country occasionally seems to forget. Colonial ties with Europe were probably as close as those of the present day. The European policy of sacrificing the "inalienable rights" of "life, liberty and the pursuit of happiness" of the common people to the idols of bloodshed, greed and hatred doesn't seem to have changed since an awful lot in 164 years. We view this fact with a certain sadness. Partly out of pity for those who suffer, and partly because we know we'll have to pay for some of the results ourselves. Money spent for defense can't be used for education or for things that can be enjoyed. . . . and it's got to be paid just the same.

Strange, when a person thinks about it, but all the energy and ingenuity, not to mention expense, put toward bringing suffering into the world through the medium of war could do the world a heap of good instead if they were applied in a different way. Judging from the history books, war never yet accomplished anything that couldn't have been done better through peace. And there is no reason to think the present one is any exception, either.

Maybe you don't think a lady can look dignified wearing slacks, a sun-burn, sloppy sandals, and a rag over her head, but we saw a summer visitor whose classical style overcame all those handicaps as she triumphantly sallied forth from one of the local grocery stores Friday . . . wearing the happy smile of a woman who is going to try out a new recipe on her husband at supper time.

It's getting onto high about time we went out and got some ice cream from Charley Atwood's . . . the cold weather having been no little discouraging.

George Winfield Takes High Place as Grain Judge

In addition to the many winnings of the Antioch High School Livestock and Poultry Judging teams announced last week, it was learned early this week that another Antioch lad, George Winfield, placed second in grain judging at the Illinois State contest held at the University of Illinois.

Winfield was only two points lower than the first place winner in a competition of 450 boys.

According to the final report this now gives the Antioch Vocational Agriculture teams the following winnings:

Norman Edwards—1st place in poultry.

George Winfield—2nd place in grain.

Lawrence Keisler—5th in dairy.

Poultry team, consisting of Norman Edwards and Francis Swenson—4th place.

Aids in Rescue; Dies Afterwards

Joseph Hulik, 69, of Loon Lake, Succumbs to Heart Attack

Excitement attending the rescue of a man who had fallen overboard from a fishing boat is believed to have contributed to the heart attack which proved fatal to Joseph Hulik of Loon Lake on Tuesday evening.

Hulik, 69, a well known resort proprietor, had assisted in rescuing Otto Gromol, chief at the Roundup restaurant on Highway 21, when the latter fell from his boat as he was returning from fishing on the lake.

Later in the evening Hulik suffered a heart attack. Dr. W. R. Williams of Antioch was called and the Antioch rescue squad was asked to bring its oxygen tank and pulmotor.

Hulik recovered from his first attack, but a second one proved fatal. Survivors include his wife, a married daughter, and another daughter, Miss Mildred Hulik, office assistant to Supt. W. C. Petty.

The body was taken to Chicago.

'round the Lakes

Robert Mielke, Chicago, has joined the ranks of "big time" fishermen around the lakes. Robert caught a 36-inch pickerel, weighing 12 pounds, in Rock Lake Friday . . . just in time for fish fries.

Julius Stern's Country House resort on the west shore of Channel Lake will open for the season on July 4, providing pleasant, comfortable accommodations for vacationists, week-end visitors and diners-outers. The restaurant at the Country House is being made available for lease.

Ray Bacon's orchestra is furnishing music at Dominic Giannini's State Line Inn on Highway 21-83 every Saturday evening, "Jennie," popular young Racine singer, is featured on Sundays at Dominic's where real Italian spaghetti is one of the menu specialties.

Miss Janet Dinsmore of Rochester, N. Y., who has been visiting the parents of her fiancé, Herman Heinersmann, Jr., of Des Moines, was honored at a party given by Mr. and Mrs. Herman Heinersmann, Sr., Tuesday evening at the 19th Hole on Highway 59. Miss Dinsmore is a talented musician and plays the saxophone in Phil Spitalny's all-girl orchestra on the "Hour of Charm" radio program.

Swedish smorgasbord is being featured on Saturdays at the East Shore Gardens, Grand avenue and Route 59, by the new managers, Inga and Erling Kjonrud.

Fireworks for Fourth Planned by Antioch

Business men and various Antioch groups were today beginning plans for a celebration to be held here the evening of July 4.

Fireworks will be a feature. Additional entertainment will also probably be arranged.

Boys' Auto Contest Is Being Planned for Aug.

Although details of time, place and rules have not as yet been completed, plans are now underway for a Lake County Boys' Auto contest, to be held in Antioch some time in August, during the Lions' club festival.

Firemen's Co. Convention is Attended by 600

Firemen from Many Towns Increase Number at Gathering

More than 600 firemen and their ladies, including not only representatives of Lake county organizations, but of practically all Illinois and Wisconsin fire departments from the north part of Chicago to Milwaukee and west to Burlington and Beloit, took part in the annual Lake county firemen's convention here Monday.

While rain fell intermittently during the day and evening, it failed to dampen the enthusiasm of the gathering.

The convention program opened with golf events at Chain O' Lakes country club in the morning. A parade, fire-fighting demonstrations and incidental entertainment occupied the afternoon. From 5 o'clock on, supper was served to the visitors and their ladies in the Hardt building, loaned through the courtesy of the Chevrolet garage, which uses it for storage.

A business meeting was held afterward by the county delegates. At the same time a style show for the ladies was conducted at the St. Ignatius' Guild hall.

Rain Alters Plans
Because of the rain, plans for the street dance which was to have been held in Main street were changed, and dancing was instead enjoyed in the Hardt building.

The afternoon parade was led by the Antioch American Legion color guard, followed in turn by the Junior Legion Drum and Bugle corps, 12 members of the Antioch fire department, the Fox Lake fire department's new \$6,500 pumper, the Lake Villa pumper, Round Lake tank truck and pumper, Grayslake pumper to which was attached the original hand pump used by that department in 1900, the Libertyville first aid and lighting truck, Fox Lake department No. 2 pumper, then the pumpers of companies 1 and 2, the tank truck, the new Rescue squad truck of the Antioch fire department, and the Kenosha county rescue truck.

Comedy entries from the North Chicago fire department and the Gurnee department and an ambulance from Fox Lake were also included in the parade.

Fox Lake Wins Hook-up

In the demonstrations, Fox Lake won the truck hook-up and water-throwing contest, in 37 seconds; Grayslake, 42 seconds, was next, and Lake Villa, 45 second, 3rd. The Gurnee truck tied the Fox Lake 37-second hook-up, although not rated as a qualified entrant, since the hose could not be removed from the truck.

Antioch won in the team water fights, in eliminations against Fox Lake and Chicago teams. On the Antioch team were James McMillen, captain, R. D. Allner, and William Moss of Engine Company No. 48, Chicago. Representing Fox Lake were Al Monkman, Paul Lewis, Axel Peterson and Robert McNally.

A two-man contest with McMillen and Allner on one team, opposing Chief Joseph Dady and A. Minahan of Fox Lake, was called off when the steel barrel against which streams of water were played was torn from its pulley fastening.

Charles Buerger, Fox Lake, president of the Lake county firemen, presided at the business meeting in the Hardt building.

The address of welcome on behalf of Antioch was given by Village President George B. Bartlett.

Deputy Marshal Speaks

Frank E. Doherty, chief deputy state fire marshal of Illinois, gave a talk on the progress that has been made of recent years in fire fighting. He also praised the Lake county departments for their fine work and commended the Antioch firemen for their efficiency.

Practically the entire fire department assisted Chief James Stearns on the committees for the affair.

A first aid squad was on duty throughout the day and evening.

Plan July Jamboree at Burlington July 3-6

Echo Park is to be the scene of the big July jamboree to be staged at Burlington by the American Legion and Knights of Columbus July 3, 4, 5 and 6th—four big nights and all day on the Fourth.

A mammoth tent will house the merchants' exhibit which are to be a feature, and there will be carnival attractions, games, rides, a doll parade, dancing and entertainment and a big saddle horse show on Saturday afternoon, July 6.

Antioch Proud of Rescue Squad

Visitors at the ninth annual Lake County firemen's convention here Monday saw for the first time the new streamlined ambulance and first aid truck bought by funds raised mainly through subscriptions by local people whose donations were most liberal.

To many the flashy new rescue truck represented just a new addition to local property. But what of the personnel of the squad—those sturdy, public-spirited young men who give life, and meaning and efficiency to the new equipment? It is for them that this community should be thankful. They are the current example that there is such a thing as purely altruistic service. They have labored long hours, without pay, or hope of remuneration of any kind, to attain a proficiency in the art of saving human life. And their task is endless—they are always "standing by" for any emergency day or night, ready to speed to the rescue wherever there is need for their services.

Antioch community should be proud of its new first aid truck—but infinitely more proud of the fine group of young men who comprise the rescue squad.

Flag of Our Country

A few weeks ago, Americans celebrated Flag Day. It is an occasion that has been duly observed ever since 1895, but we doubt whether, in the 45 years of its

existence, the day has taken on a deeper meaning than it did this time. Events in Europe have brought about a new awakening of our national consciousness. Inevitably, therefore, the flag has again attained its true proportions as a symbol of America—America, something more than a mere name on the face of the globe; America, a single word that embraces the concepts of material welfare, spiritual dignity, and human freedom, ideals nearly extinct in so many other lands and in so many other human souls.

It is only natural in these troubled times that the average citizen of this country should pay particular reverence to the nation's flag. But it would be wise, too, if we remembered during all the other days of the year that this emblem of our security and our welfare is just as important. Flag Day, 1940, will have attained its fullest meaning if we retain the spirit we display at that time in our every waking moment, every day of the year.

Enough to Make You See Red

A justice of the New York State Supreme Court rules that it is not libelous to call an American a Communist. He points out that, while the Communist party "actually has its roots in foreign lands" and while its members "have potentially obligated themselves to overthrow our government by force and violence," the party still, "under the existing law, may function as a political party."

The decision in question shows how extremely careful Americans are to preserve the democratic rights which individuals and minority groups in the country enjoy. In the case of the Communists, indeed, we lean over backwards to insure protection for an organization that has no respect for and no understanding of the very principles which make its continued existence here possible.

It may not be libelous at the present time to call a person in the United States a Communist—but it strikes us as being about the most insulting "non-libelous" remark that could possibly be addressed to an American citizen!

WHY PAY MORE? WHY ACCEPT LESS?

when Chevrolet gives so much and costs so little!

Hundreds of thousands of buyers agree that the big value for '40 is CHEVROLET; and they insist that it tops all other cars, regardless of price!

These people ask, "WHY PAY MORE than Chevrolet's low prices, when Chevrolet provides all the necessities and most of the luxuries of modern motoring?" And then they ask, "WHY ACCEPT LESS than Chevrolet's outstanding dollar value, when Chevrolet offers so many advantages of higher priced cars at tremendous savings in purchase price, gas, oil and upkeep?"

Be wise! . . . Buy as America is buying! . . . Buy Chevrolet!

SOCIETY

Irene Waters, Trevor, Weds Waukegan Man

Miss Irene Waters, daughter of Mr. and Mrs. Howard Waters of Trevor and Herbert Olson of Waukegan were married at 1:30 o'clock Saturday afternoon at the home of the Rev. J. Finan in Wilmet.

The bride was given in marriage by her father, and was attired in aqua net with a finger length veil of the same color. She carried a colonial bouquet of tea roses. The maid of honor, Miss Eva Sthronn, and the bridesmaid, Miss Florence Benke, both of Waukegan, were attired in yellow organdy with aqua trimming, and carried colonial bouquets of yellow carnations. Vince Lenkart of Waukegan attended the bridegroom as best man and Harold Carlson, of Waukegan, was the usher. A dinner was served at the home of the bride in Trevor for 50 guests and 40 attended the reception in the evening. The young couple will make their home in Waukegan.

MILDRED GOULD IS BRIDE AT GRAYSLAKE

Mr. and Mrs. Will Thompson and Helen and Harold Thompson of Millburn were guests at the wedding of Miss Mildred Gould, their niece, on Saturday afternoon, June 22, at 3 o'clock at the Congregational church in Grayslake. A reception was held later at the home of the bride's parents, Mr. and Mrs. Philip Gould. The bridegroom is James LaMonte of Rockford. Others in the bridal party were Miss Eleanor Gould as bridesmaid, Norman Gould as best man, and small Gerry Thompson of Richmond and Cora Jorgensen of Kenosha were flower girls. The young couple will make their home near Rockford where LaMonte is employed.

GRACE KOELSTRA AND CHICAGOAN WED

Miss Grace Koelstra, daughter of Joe Koelstra, was married at the Lake Villa church Saturday evening to Nils Englund of Chicago. The Rev. I. B. Allen performed the ceremony in the presence of a few relatives and friends. The couple was attended by Miss Dorothy Hooper and Edward Langbein, and a wedding reception was held at the home of the bride's sister, Mrs. Alice Larson, at Fox Lake.

FCY TO MEET AT LAKE MARIE MONDAY

Miss Laura Langvad of Winthrop Harbor will be in charge of devotions and a discussion at a meeting to be held by the Federated Christian Youth Monday evening, July 1, at Ferris Lake Marie camp, near Antioch.

The discussion will deal with a summary of the topic which was studied for the last three weeks, "Marriage." Following the meeting, which will start at 8 o'clock, the gathering will enjoy a wienner roast. Each member will be expected to bring a share of the refreshments, it is announced.

MRS. J. S. REESMAN'S BIRTHDAY IS HONORED

A merry party met at East Shore Lodge, Grass Lake, the home of Mr. and Mrs. J. S. Reesman, Sunday in honor of Mrs. Reesman's birthday anniversary. Among those present from out of town were Mr. and Mrs. Clifford O'Leary, Chicago; Mr. and Mrs. Budd A. Reesman and two sons, Clifford and Budd, Jr., of Niles Center; Mr. and Mrs. Ed Riefstahl and children, Grace, Ruth and Jackie, Des Plaines; Mrs. Helen Ek and son, Buddy. Clifford is remaining at Grass Lake with his grandparents this week.

CHRISTIAN SCIENCE CHURCHES

"Is the Universe, Including Man, Evolved by Atomic Force?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 23.

The Golden Text was, "Lo, he that formeth the mountains, and createth the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth, The Lord, The God of hosts, is his name" (Amos 4:13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Thus saith God the Lord, he that created the heavens, and stretched them out; he that spread forth the earth, and that which cometh out of it; he that giveth breath unto the people upon it, and spirit to them that walk therein: I am the Lord: that is my name; and my glory will I not give to another, neither my praise to graven images" (Isaiah 42:5, 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The true theory of the universe, including man, is not in material history but in spiritual development. Inspired thought relinquishes a material, sensual, and mortal theory of the universe, and adopts the spiritual and immortal" (p. 547).

Mrs. Louis Horton entertained 10 little friends of her son, Charles, at a party in honor of his seventh birthday anniversary Tuesday afternoon in their home. A large, beautifully decorated birthday cake was a centerpiece for the luncheon.

Rebekahs Entertain I. O. O. F. at Dinner

In appreciation for the help of Odd Fellows members in getting the lodge hall cleaned and painted for the Lake county Rebekah convention here May 24, the members of Lakeside Rebekah lodge entertained the Antioch Odd Fellows at a baked ham dinner last Thursday evening.

Forty-five were present for the affair, held in the Odd Fellows' hall. Several talks were given. Mrs. M. M. Stillson described a visit made by a group from Antioch to the Odd Fellows' and Rebekahs' home at Mattoon, Ill., Sunday. Taking part in the trip were Mr. and Mrs. George Schlosser and daughter, Betty, Mr. and Mrs. Stillson and son, Melfred.

Others who gave talks were C. L. Kutil, Fred Petersen, Harry Greenlee, Chester Kilpatrick and L. M. Hughes.

Cards were enjoyed afterward. The next regular meeting of Lakeside lodge will be held Wednesday evening, July 3.

Mrs. M. M. Stillson, whose birthday month is June, was hostess at the luncheon following a meeting last Wednesday evening. Hostesses for the luncheon meeting June 4 were Mrs. C. E. Hennings and Miss Betty Schlosser.

On the committee for the dinner Thursday evening were Mmes. Freda Wertz, chairman, Myrtle Horton, Belle Schlosser and C. E. Hennings.

Patriotic Service Is Planned by Methodists

"Independence Sunday" will be observed by the Antioch Methodist church with appropriate services Sunday, June 30.

Patriotic organizations of the community have been invited to attend as groups.

The subject of the Rev. W. C. Henslee's address will be "Freedom," and he adds, "It is well that we think on this subject at a time when millions are being deprived of their freedom."

ENTERTAINS ON NINTH BIRTHDAY

Decorations of blue and pink formed the setting for the ninth birthday anniversary party given yesterday afternoon by Yvonne Lux at the home of her parents, Mr. and Mrs. Frank Lux of 810 N. Main street. Entertainment consisted of games and a fine movie film shown by Mr. Lux. The serving of refreshments closed a very delightful event for the youngsters.

Prize winners in the games played were: Billy Brand, Mary Jean Maples, Billy Wilton, Jane Hunter and June Petersen.

LAWN PARTY FOR CHILDREN ANNOUNCED

Because the story hour has proved such a popular feature at the Recreation Center, the leaders have decided to make it a part of their daily program from 10 to 11 a. m. From 11 to 12 games for small children are played.

On Friday afternoon, June 28, at 2 o'clock a party for children between the ages of 4 and 10 years will be held on the lawn of the Grade school. All boys and girls of this age will be welcome to come and participate in the games, it is announced by recreation leaders.

GARDEN WEDDING JOINS JEANETTE F. MEEK AND DONALD BREKKE

The garden at the Grass lake summer home of the bride's parents formed a pretty setting for the marriage of Miss Jeanette F. Meek and Donald E. Brekke, both of Chicago, Saturday evening at 6:30 o'clock.

The Rev. W. C. Henslee, pastor of the Antioch Methodist church, officiated at the ceremony, at which 400 were present.

Margaret Burpee and William Edward Brekke attended the couple.

FRIENDSHIP CIRCLE PLANS SALE JULY 6

"BAHA' FAITH AND CHAOTIC WORLD" TO BE RADIO TALK SUBJECT

"What answer has the Baha' Faith for a Chaotic World?" will be the general theme of a new series of broadcasts sponsored by the Baha' assemblies of Racine, Kenosha, and Milwaukee over Racine Radio Station WRJN each Monday at 2 p. m., standard time.

These broadcasts are under the direction of Nina Mathiesen of Bristol, Wisconsin member of the National Radio committee of the Baha'is of the United States and Canada. The subject for this coming Monday will be "A Crumbling Civilization."

When asked why they have so much confidence in the Baha' Plan for World Order and Peace, when so many other plans have been swept away by the march of world events—a Baha' answers: "This plan of Baha'ullah for World Order and Peace, we believe, is a plan from God and is in fulfillment of Prophecy."

"It is a matter of record that over seventy years ago the Founder of the Baha' Faith wrote to all the Kings and Rulers of the world calling them to universal peace, but again, history repeating itself, persecuted the very one who had come to establish 'God's Kingdom on Earth' so now the conflict and chaos of the present day is regarded by Baha'is as that fiery ordeal out of which humanity is to emerge chastened and prepared for that responsibility which the leaders of a new-born age must arise to shoulder. But what suffering might have been saved! There is only one answer to the question and that is UNITY. World-unity—by acknowledging the oneness of God, the oneness of mankind, the oneness of religion, by the agreement of science and religion, by the elimination of racial, religious and class prejudices through education and by the adoption of an international auxiliary language so that men may understand each other.

"As a culmination of this program, the elimination of war demands a substitution of another basis for international relations.

"The alternative pointed out by the Founder of the Baha' Faith is the world application of the principle of Federation evolved by the American colonies during the 20 years following 1776. In other words a Federated World in which there is one homeland and all mankind its citizens. This plan was laid down over seventy years ago, but we have to learn by sad experience so today the world is being whipped into shape for acceptance and fulfillment of God's plan for a federated world."

The historic battlefield of Waterloo is being obliterated by the removal of landmarks, and cheapened by "tawdry cafes" located on the very spot whence the Imperial Guard recoiled," according to word from abroad.

Prof. H. R. Kenwood, eminent British medical authority, in a lecture on "The Home" declared, "It is essential to make the acts of cleansing the home as simple as possible. There should be no heavy pieces of furniture to move, no nailed-down carpets, but movable strips and squares and light washable curtains. 'Is there,' he asks, 'anything more absurd than to find a little house in a shabby genteel street with its bedroom accommodations overtaxed and the best apartment used as the parlor—that holy of holies, with its odor that might be called sanctimonious and occupying cubic space that could be far better used? This passion for the parlor is almost like the fetish of the uncivilized.'"

WEEKLY NEWS ANALYSIS

By Farnham F. Dudgeon

Lack of 'Friends, Men and Guns' Hurt French Cause, Says Petain; U. S. 'Coalition' Cabinet Selected

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

If all Henry Ford's tentative orders to turn out warplanes on a mass production basis materialize, this gigantic tool and die plant in his River Rouge, Michigan, plant will become the hub of the plane-motor industry. It is now the center of production for Ford motor cars and government defense engineers point out that once tools and dies are completed and set up to turn out a standardized plane, mass production could begin and continue at top speed indefinitely.

(Mass Production.)

THE WAR: 'Too Few'

While his armies were busy with "mopping up" military operations against a badly battered France, Adolf Hitler busied himself preparing the terms under which his soldiers would cease firing.

France, meanwhile, after cautioning her troops to fight on until the actual signing of an armistice was announced, dispatched her peace envoys in a snow white plane to meet the Germans and hear their terms of surrender.

As the nation waited, its 84-year-old premier, Marshal Henri Petain, explained why he had sought peace and why France had been unable to defend itself against invasion. France, he said, had too few friends, too few young men, too few guns and it had wasted the victory years following the armistice of November 11, 1918.

Military deficiencies accounted in large part for the distress of France, in the premier's opinion. He pointed out that only 2,780,000 troops faced the Germans at the beginning of the "battle of France" along the Somme and Aisne rivers. This was a half million fewer than France had on the battlefield after three years of hard fighting in the World war. England had not nearly as many men on French soil in 1940 as she had in 1914-18, and in addition, the old ally, Italy, was an enemy and ally United States a "neutral."

Biggest worry of ally England was the disposition of the French fleet following any armistice between France and Germany. If Germany gets control of the whole strength of this fleet, the Rome-Berlin axis will have sea power that could compete favorably against England's armada.

London was happy enough though over the appointment of Frank Knox and Henry Stimson to President Roosevelt's cabinet (See below). The British hailed this move as assuring a continued policy of U. S. material and moral aid to the allied cause.

THE PRESIDENCY:

Coalition

No respecter of precedent, but respected even by his enemies as a master political strategist, Franklin Delano Roosevelt, detracted little from his reputation in these two categories with his pre-G. O. P. convention appointment of Frank Knox and Henry L. Stimson to his cabinet. These two important Republican leaders were asked to serve in what was termed a "coalition" cabinet—Knox as secretary of navy and Stimson as secretary of war. Knox was the Republican vice presidential candidate in 1936 and Stimson served as secretary of state in the Hoover administration. Both have

NAMES

... in the news

President of Yale university, Charles Seymour, warned his graduating class against a "complacent attitude" toward the serious challenge that totalitarian states have thrust at democracy.

After Col. Charles A. Lindbergh demanded in a radio address that the U. S. cease making "gestures with an open gun" (implying that the government's foreign policy was dangerous) Senator Pittman (D., Nev.) suggested that Lindbergh "cease efforts to create unfounded war fear and lack of confidence in our government."

Prime Minister De Valera of Eire (Ireland) called upon all his countrymen to volunteer to take up arms so that any attempted invasion of their land could be routed. He spoke at a national defense rally.

supported President Roosevelt's foreign policy.

Republican spokesmen hailed the appointments as the definite stamping of the Democratic party as "the war party." Some of them declared that they believed the President's plan was to create the impression throughout the nation that his stand in the matter of war was entirely non-political and that thus any attack against his policies by the Republican party would be branded as unpatriotic.

But President Roosevelt said otherwise. He stated that the appointments were made in "line with the overwhelming sentiment of the nation for national solidarity in a time of world crisis and in behalf of our national defense—and nothing else."

U. S. DEFENSE:

New Fleet

Because it has depended upon Great Britain's fleet to keep things on an even keel in the Atlantic, the U. S. navy high command has usually concentrated its major power in Pacific waters. Now that Great Britain has its hands full enforcing the sea blockade of Germany and Italy, and defending its own shores, the problem of providing the eastern seaboard of the U. S. with adequate protection becomes increasingly acute.

Congressional sources forecast an early proposal by the administration to build a completely separate Atlantic fleet. Talk of building up this division of the naval forces has been given added impetus because of the possibility of complete German-Italian victory in Europe.

At present the navy bill in congress (and it seems certain to pass) authorizes the construction of the largest navy in the history of the world. So big would this new U. S. navy be, that it alone would surpass the combined power of all potential enemies of this country. The new Atlantic fleet would probably be a section of this expanded navy.

Conscription

President Roosevelt has in mind a plan to conscript the youth of the nation in a great mobilization drive of human resources and to give American youth a toughening and disciplinary seasoning that could be compared to that of the totalitarian national youth programs.

In a Washington press conference he revealed that details of this plan may be submitted to congress within a few weeks. This program would include universal government service training for young men and women alike, between the ages of 21 and 31. In addition to military training for the physically fit there would be training in all types of skills required for the forces behind the actual combat lines.

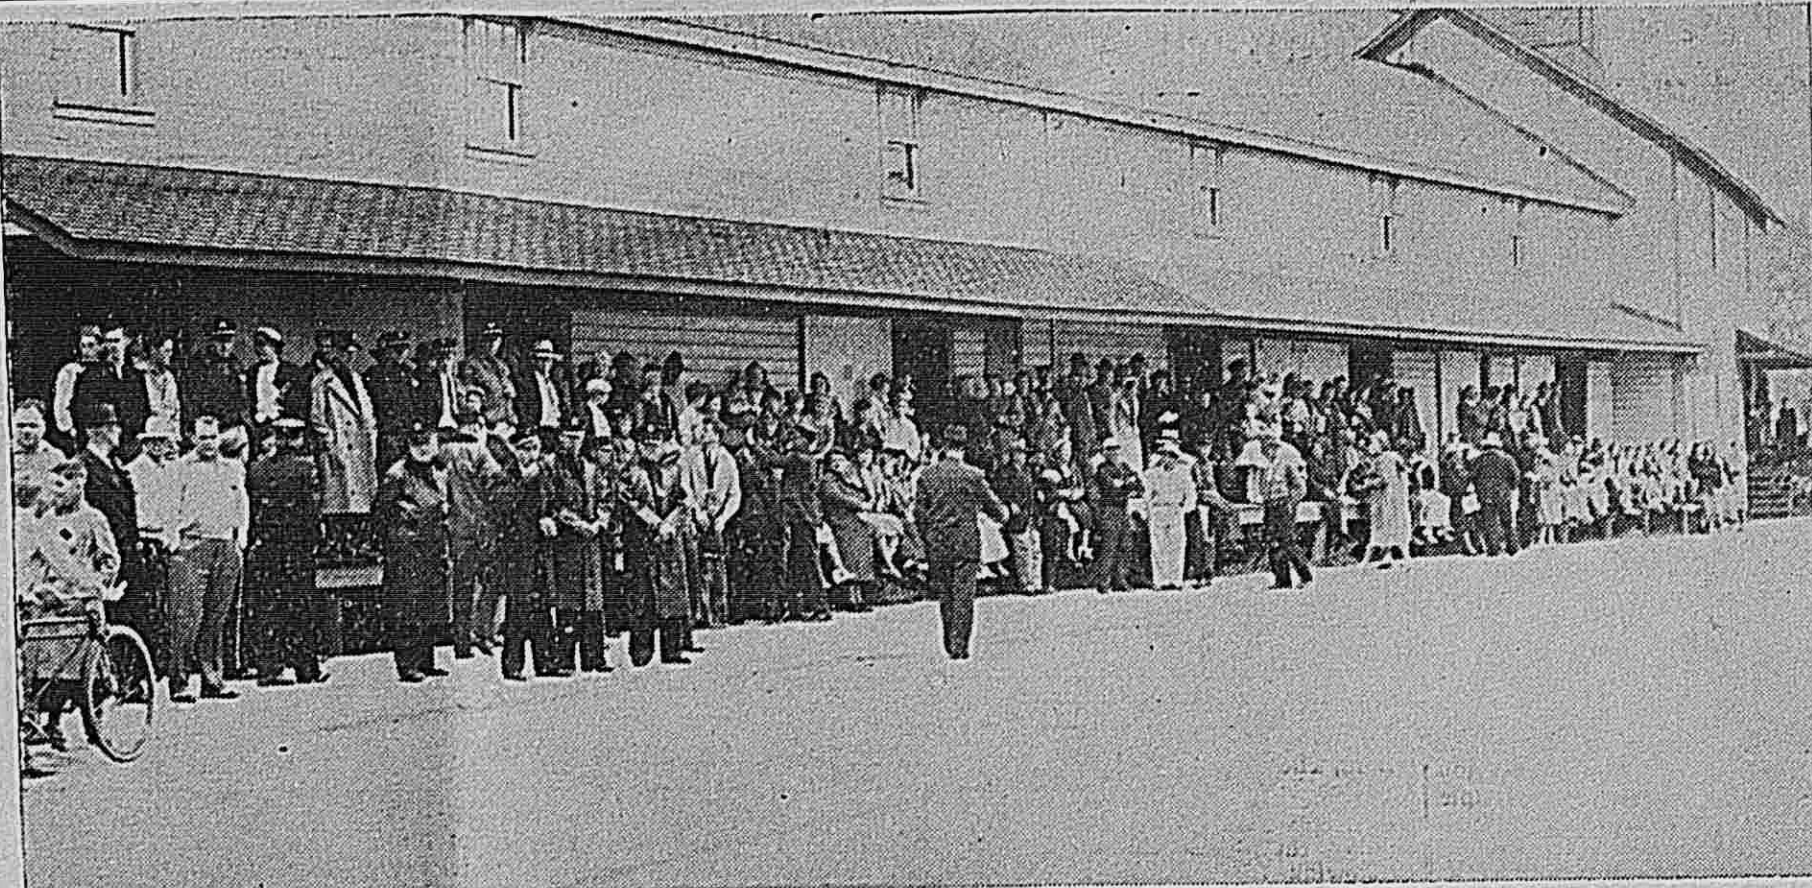

Naturally such a program of conscription isn't going to be put into effect without opposition—both in and out of congress.

But the President and his cabinet believe that America must be prepared to cope with any type of conflict offered by the ideologies of the dictators. Such conflict may not be actual military operation. More surely there will be an economic struggle for control of world markets.

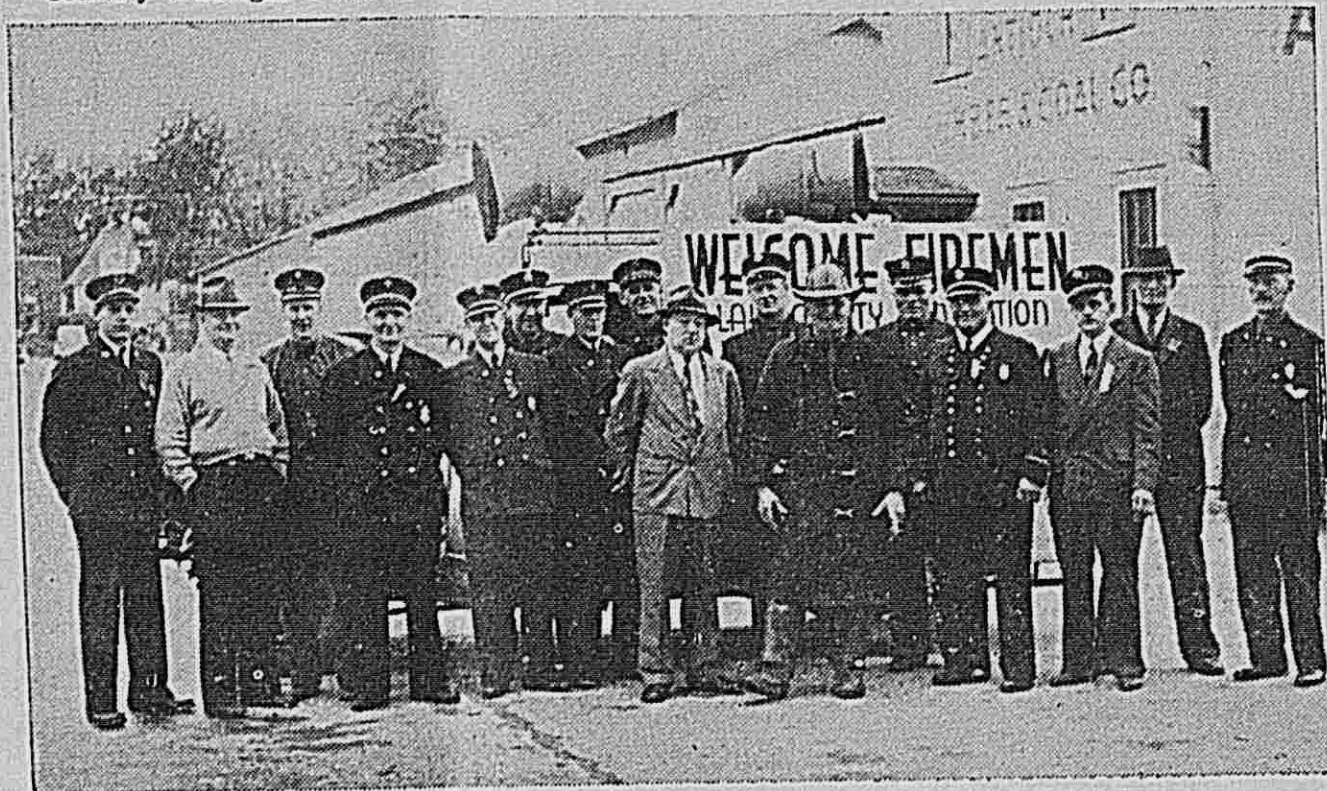

Mass Production

When Henry Ford stated a few weeks ago that he could turn out a thousand warplanes a day if he was given enough orders and six months in which to get ready, his offer was taken seriously by only a few people. Since that time, however, the government has been inspecting the possibilities of the motor industry in general and Mr. Ford's plant in particular, with the idea in mind that mass production of fighting aircraft might some day become a necessity.

ABOVE—Part of the crowd which sought shelter under the eaves of the Antioch Lumber company building as it watched the "Truck Hook-up" contests staged on Depot street here Monday as one of the features of the annual convention of the Lake County Firemen's association. The Fox Lake department was the winner.

The second picture shows some of the chiefs and assistant chiefs of fire departments attending the convention. Third from the left in the front row is Charles Buerger honorary chief of the Fox Lake department and president of the Lake County Firemen's association. Next to him in plain clothes is Chief A. H. Vos of Kansasville, Wis., and next to the left is Chief Joe Dada of Gurnee. Other chiefs and assistant chiefs shown in the picture include: H. A. Redding, North Chicago; George W. Baughman, Lake Forest; A. W. Hamlin, Lake Villa; Ervin Barnstable, Lake Villa; W. T. Buhr, Lake Zurich; Ed. Schneider, Libertyville; Robert Burleigh, Fox Lake; A. Pochnal, Miller's Cove, Wis., and Ed. Carroll, Chicago Hardware Foundry company, North Chicago.

The lower picture shows the Antioch water fight team captained by Jim McMillen in the moment of victory. The team has just driven the barrel along the wire and against the goal post of the Fox Lake team captained by Al Monkman to win two heats out of three.

Catching Pose

Here is 81-year-old Governor Luren D. Dickinson of Michigan, as he appeared last year in an "Old Timers" baseball game staged in Detroit. The governor now announces he has switched from catching baseballs to votes and will be a candidate for re-election.

INDUSTRY:

New Competition

Many are the economists who have forecast a trade war between Germany and the United States after Adolf Hitler has finished his political and military war in Europe. It now appears that the Nazis are not going to wait for a final cleanup of Europe before launching this type of attack upon the American markets.

For from South America comes news that German steel companies are offering steel in that sector at prices below United States quotations and are giving a cash guarantee of delivery by October. To some observers this early beginning of the long awaited trade war seems a bit premature. For Adolf Hitler still has a few big obstacles to overcome before he can expect to compete with American business in this hemisphere.

Germany bases her ability to deliver these shipments of steel upon the fact that she has virtual control of 95 per cent of the French steel industry and this, plus the Reich's own output, combined with the Belgium-Luxembourg production, amounts to about 40,000,000 tons per year. Biggest problem is keeping all these steel mills running at capacity and still being able to maintain order throughout the "protected" nations. And after the steel is produced, Germany must reckon with Britain's still-effective sea blockade.

Slump

Petroleum, another industry which has a big stake in foreign markets, has a more immediate problem on its hands. In Texas, oil reserve tanks are almost full, prices are slipping every day, and foreign markets are near collapse. That state's railroad commission, which controls the output of oil, is studying the problem and is considering a 30-day shutdown of producing wells to boost prices.

LATIN AMERICA:
Tangle

Latin American nations are at present in default of some \$1,000,000,000 worth of bonds held by U. S. investors. To the development of additional foreign trade and in the meeting of foreign competition in this hemisphere (see Industry) this default creates a huge stumbling block.

Economic relations between nations become difficult when debts pile up and as U. S. business has lost many of its foreign markets due to war in Europe, the federal government is making every effort to untangle the debt problem in the Latin American nations.

One current proposal is to launch a huge government loan program to the Latin American nations and give them a chance to make payments on their debts, eventually repaying the United States on a long-term basis. President Roosevelt is expected to outline details of this plan within a short time.

MISCELLANY:

Democratic National Chairman James A. Farley officially released the information that William D. Bankhead of Alabama, speaker of the house of representatives, will be named temporary chairman and keynoter of the party's national convention, which convenes in Chicago, July 15. Sen. Alben W. Barkley of Kentucky will be named permanent chairman.

Shades of World war days fell over the Pullman Standard Car Manufacturing company's plant in Butler, Pa., as it was announced that the British munitions purchasing commission had placed an order for 200,000 six-inch shells to be delivered not later than December. This plant also turned out munitions in 1917-18.

Eleven army fliers and bomber crew members were killed when two Douglas bombing planes collided in mid-air and crashed in flames during formation maneuvers near Mitchell field, Long Island.

Union Free High
School Class of
'05 Holds Reunion

On the exact date on which they graduated from the Union Free High school organized in Wilmot in 1903, the seven members who had the distinction of forming the first class to receive diplomas from the school in 1905, came together for their first reunion in the intervening 35 years Sunday.

Although June 23 had been planned for the get-together without reference to the original date, a commencement program brought by one of the class disclosed the coincidence.

Miss Grace Carey was hostess to her classmates first, at a noon turkey dinner at the Wilmot Methodist church where homecoming festivities were in progress. Their attention to the unusualness of the company for whom a table had been reserved was called by the Rev. Ernest Kistler, pastor, who also introduced the members.

The dinner was followed with open house and a buffet supper at the Carey home. Miss Eda Bufton, Kenosha, and Miss Erminie Carey of Wilmot, poured.

Members of the class include in addition to the hostess, Henry L. Blim, Chicago attorney, who was valedictorian; Lillian E. Darby of Klamath Falls, Oregon, supervisor of music for Klamath Falls city schools, salutatorian; Rosa M. Bufton, Kenosha, Science teacher Lincoln Junior High, Kenosha; Mrs. Laura Loftis Ferry, Zion, Ill., teacher in Kenosha County school system; Mrs. Edith Hatch Allen, Green Valley, Ill., and Mrs. Helen I. Carey Dobyns, McHenry, Ill.

Included among the guests at the festivities were the mother of one of the class members, Mrs. Margaret Bufton, who will be 93 years old in August, and Marlin M. Schnurr, current principal of the school, and Mrs. Schnurr.

During the afternoon, the class called in a body on Mrs. James Owen, now over 80 years old, who made all the gowns for the 1905 class; on Mr. and Mrs. T. C. Loftis, parents of Mrs. Ferry, only member fortunate enough to have both parents living, and whose mother is suffering from a broken hip, and at the home of John Nett, the only surviving member of the original school board.

The group also toured the new Union Free High school built six years ago after a fire had burned the original building to the ground.

The Carey home was decorated with garden flowers for the affair.

Infant Welfare "Model Home" at Glen Ellyn Draws Many Visitors

Mrs. A. H. Burton, president of the Glen Ellyn Infant Welfare society, announces that its model home in Stoneleigh park, Glen Ellyn will close Sunday night, June 30, and that she hopes everyone interested in seeing the home will make it a point to get there this week or not later than Sunday night. Located on Turner avenue just west of Park boulevard, the home is easily reached from either highway 64 or 330 in Glen Ellyn. Ample parking space has been provided.

Visitors at the home so far have in-

cluded people from 91 towns and cities. People from all over northern Illinois have dropped in at the home and have taken away ideas for their own homes. The home is a two-story brick and frame house with semi-detached garage and sun deck over the garage. One of the upstairs bedrooms is furnished as a nursery, and its arrangement and wall paper has appealed to many people with small children. The breakfast nook off the kitchen has also attracted considerable attention. Three members of the Glen Ellyn Infant Welfare society are at the home every day from 11 A. M. to 9 p. m. to act as hostesses.

An admission charge of 10 cents is made, and all the money collected is a direct donation to the Society's clinic and milk fund for the poorer children in DuPage county.

WE'RE not telling you this 1940 Buick is the best we've ever built—you're telling us!

Never in our history have we built so many cars as we have this model year—not even in the flush days of the twenties.

Now why is that? Because of the big Dynaflex engine that's the only power plant balanced after assembly? Because of the soft-and-easy BuicOil Springing ride?

Because of size? Because of style?

Because of features—appointments—ruggedness—value?

We'll let you decide. But there's food for thought in prices* that begin as

\$895

low as for the business coupe, delivered at Flint, Mich. Transportation, based on rail rates, state and local taxes (if any), optional equipment and accessories are extra—but that still adds up to delivered prices that are mighty low for the best Buick we ever built.

*Prices subject to change without notice.
